### YOUR SKYRIZI INFUSION PREP GUIDE

We're here to help you get ready for your SKYRIZI infusions. Follow these steps to prepare for each stage of the process.

### **STEPS TO A SMOOTH START**

**Confirm with your doctor where you will be having your scheduled infusions.** Record the name, location, and phone number below.

#### **INFUSION LOCATION**

Name/address:				 	
Phone number:	(	)	-		

Talk to your doctor about lab tests before, during, and at least up to 12 weeks of treatment with SKYRIZI.

Schedule all of your infusions in advance. Write down the date and time of each of your 3 infusions. Have your Skyrizi Complete Savings Card\* handy.

INFUSION 1 (Date/time):	/	_ /	 :	AM PM
INFUSION 2 (Date/time):	/	_ /	 :	AM PM
INFUSION 3 (Date/time):	/	_ /	 :	AM PM

\*For eligible, commercially insured patients only. Please see Terms and Conditions below.

Please see <u>Uses and Important Safety Information</u> on page 4. Please see full Prescribing Information, including Medication Guide, at <u>www.rxabbvie.com/pdf/skyrizi\_pi.pdf</u> and discuss with your doctor. ## YOUR SKYRIZI INFUSION PREP GUIDE

We're here to help you get ready for your SKYRIZI infusions. Follow these steps to prepare for each stage of the process.

### Skyrizi

### FOLLOW THESE TIPS TO PREPARE FOR YOUR SCHEDULED INFUSIONS

Watch this helpful video at <u>InfusionPrepSKYRIZI.com</u> and see what to expect before, during, and after your infusion.

**Make a list of current medications and supplements.** Your infusion provider may ask about them when you arrive for treatment.

**Ask your infusion provider if you can bring anything to make you more comfortable.** Each infusion may take at least **one hour** for Crohn's disease treatments and at least **two hours** for ulcerative colitis treatments. You may want to bring:

- A blanket or a pillow
- Entertainment, like a book or a tablet to catch up on your shows
- If eligible, your Skyrizi Complete Savings Card to help pay for your infusion

Plan to wear something that will make it easier for your infusion provider to access your arms.

Drink plenty of water beforehand.

Get a good night's sleep before you go to your appointment.

#### You've got a dedicated partner

Feeling confident and prepared means knowing the right steps to take with your prescribed SKYRIZI treatment plan.

#### Your Skyrizi Complete Nurse Ambassador\* can:

- Verify your health insurance coverage
- Help you feel prepared for each of your 3 infusion appointments

Discover all the ways they can provide support. Call **<u>1.866.SKYRIZI</u>** (1.866.759.7494).<sup>+</sup>

\*Nurse Ambassadors are provided by AbbVie and do not work under the direction of your health care professional (HCP) or give medical advice. They are trained to direct patients to their HCP for treatment-related advice, including further referrals.

<sup>†</sup>Help is available Monday through Friday from 8:00 AM to 8:00 PM ET, except for holidays.

#### SKYRIZI USES<sup>1</sup>

SKYRIZI is a prescription medicine used to treat adults with:

- moderate to severe Crohn's disease.
- moderate to severe ulcerative colitis.

#### **SAFETY CONSIDERATIONS**<sup>1</sup>

Do not use if you are allergic to SKYRIZI. SKYRIZI may cause serious side effects, including serious allergic reactions, an increased risk of infections, and liver problems.

- Stop using SKYRIZI and get emergency medical help right away if experiencing symptoms of a serious allergic reaction.
- Before starting treatment, your doctor should check for infections and tuberculosis. Tell your doctor right away about any infections or symptoms of infection and about planned or recent vaccines.
- Liver problems may happen while being treated for Crohn's disease or ulcerative colitis that can lead to hospitalization. Your doctor will do liver blood tests before and during treatment and may stop SKYRIZI if liver problems develop.

Please see <u>Uses and Important Safety Information</u> on page 4. Please see full Prescribing Information, including Medication Guide, at <u>www.rxabbvie.com/pdf/skyrizi\_pi.pdf</u> and discuss with your doctor. ### YOUR SKYRIZI INFUSION PREP GUIDE

We're here to help you get ready for your SKYRIZI infusions. Follow these steps to prepare for each stage of the process.

#### **AFTER YOUR SKYRIZI INFUSION**

You may receive a bill. Skyrizi Complete can help.

The **Skyrizi Complete Savings Card** may help eligible, commercially insured patients lower out-of-pocket costs for SKYRIZI to as little as \$0\* per treatment, including infusion administration costs.

**Skyrizi Complete Rebates**\* may also be an option for reimbursement of out-of-pocket costs related to SKYRIZI treatment. Find out more at **SKYRIZISavings.com**.

#### Keep track of infusions with the Skyrizi Complete App

**Watch** infusion videos in the resources library

Set treatment reminders and log infusions

**Track** symptoms to share with your doctor

#### Download the App

To download, scan the QR code with your smartphone camera, search for "Skyrizi Complete" at the App Store<sup>®</sup> or Google Play<sup>™</sup>, or text **APP** to **29279** to receive a link to download the App.

Message and data rates may apply. By texting APP to 29279, you agree to AbbVie's **Terms and Conditions** and **Privacy Notice**.

\*For eligible, commercially insured patients only. Please see Terms and Conditions below.

#### **Skyrizi Complete Savings Card Terms & Conditions**

Eligibility: Available to patients with commercial insurance coverage for **SKYRIZI®** (risankizumab-rzaa) who meet eligibility criteria. This co-pay assistance program is not available to patients receiving prescription reimbursement under any federal, state, or government-funded insurance programs (for example, Medicare [including Part D], Medicare Advantage, Medigap, Medicaid, TRICARE, Department of Defense, or Veterans Affairs programs) or where prohibited by law. Offer subject to change or termination without notice. Restrictions, including monthly maximums, may apply. This is not health insurance. For full Terms and Conditions, visit <u>www.skyrizi.com/savings-card-terms</u> or call <u>1.866.SKYRIZI</u> for additional information. To learn about AbbVie's privacy practices and your privacy choices, visit <u>https://abbv.ie/corpprivacy</u>.

Please see <u>Uses and Important Safety Information</u> on page 4. ### USES AND IMPORTANT SAFETY INFORMATION ABOUT SKYRIZI<sup>®</sup> (risankizumab-rzaa)<sup>1</sup>

#### SKYRIZI USES<sup>1</sup>

SKYRIZI is a prescription medicine used to treat adults with:

- moderate to severe Crohn's disease.
- moderate to severe ulcerative colitis.

#### **IMPORTANT SAFETY INFORMATION**<sup>1</sup>

### What is the most important information I should know about SKYRIZI<sup>®</sup> (risankizumab-rzaa)?

### SKYRIZI is a prescription medicine that may cause serious side effects, including:

#### Serious allergic reactions:

- Stop using SKYRIZI and get emergency medical help right away if you get any of the following symptoms of a serious allergic reaction:
  - fainting, dizziness, feeling lightheaded (low blood pressure)
  - swelling of your face, eyelids, lips, mouth, tongue, or throat
  - trouble breathing or throat tightness
  - chest tightness
  - skin rash, hives
  - itching

#### Infections:

SKYRIZI may lower the ability of your immune system to fight infections and may increase your risk of infections. Your healthcare provider should check you for infections and tuberculosis (TB) before starting treatment with SKYRIZI and may treat you for TB before you begin treatment with SKYRIZI if you have a history of TB or have active TB. Your healthcare provider should watch you closely for signs and symptoms of TB during and after treatment with SKYRIZI.

- Tell your healthcare provider right away if you have an infection or have symptoms of an infection, including:
  - fever, sweats, or chills
  - cough
  - shortness of breath
  - blood in your mucus (phlegm)
  - muscle aches
  - warm, red, or painful skin or sores on your body different from your psoriasis
  - weight loss
  - diarrhea or stomach pain
  - burning when you urinate or urinating more often than normal

**Do not use SKYRIZI if you are** allergic to risankizumab-rzaa or any of the ingredients in SKYRIZI. See the Medication Guide or Consumer Brief Summary for a complete list of ingredients.

### Before using SKYRIZI, tell your healthcare provider about all of your medical conditions, including if you:

- have any of the conditions or symptoms listed in the section "What is the most important information I should know about SKYRIZI?"
- have an infection that does not go away or that keeps coming back.
- have TB or have been in close contact with someone with TB.

- have recently received or are scheduled to receive an immunization (vaccine). Medicines that interact with the immune system may increase your risk of getting an infection after receiving live vaccines. You should avoid receiving live vaccines right before, during, or right after treatment with SKYRIZI. Tell your healthcare provider that you are taking SKYRIZI before receiving a vaccine.
- are pregnant or plan to become pregnant. It is not known if SKYRIZI can harm your unborn baby.
- are breastfeeding or plan to breastfeed. It is not known if SKYRIZI passes into your breast milk.
- become pregnant while taking SKYRIZI. You are encouraged to enroll in the Pregnancy Registry, which is used to collect information about the health of you and your baby. Talk to your healthcare provider or call 1-877-302-2161 to enroll in this registry.

**Tell your healthcare provider about all the medicines you take,** including prescription and over-the-counter medicines, vitamins, and herbal supplements.

#### What are the possible side effects of SKYRIZI?

SKYRIZI may cause serious side effects. See "What is the most important information I should know about SKYRIZI?"

Liver problems may happen while being treated for Crohn's disease or ulcerative colitis: A person with Crohn's disease who received SKYRIZI through a vein in the arm developed changes in liver blood tests with a rash that led to hospitalization. Your healthcare provider will do blood tests to check your liver before, during, and at least up to 12 weeks of treatment, and may stop treatment with SKYRIZI if you develop liver problems. Tell your healthcare provider right away if you notice any of the following symptoms: unexplained rash, nausea, vomiting, stomach (abdominal) pain, tiredness (fatigue), loss of appetite, yellowing of the skin and eyes (jaundice), and dark urine.

#### The most common side effects of SKYRIZI in people treated for Crohn's disease and ulcerative colitis include: upper respiratory infections, headache, joint pain, stomach (abdominal) pain, injection site reactions, low red blood cells (anemia), fever, back pain, urinary tract infection, and rash.

These are not all the possible side effects of SKYRIZI. Call your doctor for medical advice about side effects.

Use SKYRIZI exactly as your healthcare provider tells you to use it.

SKYRIZI (risankizumab-rzaa) is available in a 600 mg/10 mL vial for intravenous infusion and a 180 mg/1.2 mL or 360 mg/2.4 mL single-dose prefilled cartridge with on-body injector.

# You are encouraged to report negative side effects of prescription drugs to the FDA. Visit <u>www.fda.gov/medwatch</u> or call <u>1-800-FDA-1088</u>.

If you are having difficulty paying for your medicine, AbbVie may be able to help. Visit <u>AbbVie.com/PatientAccessSupport</u> to learn more.
